01/10:

IAC → Infrastructure as Code

↳ Automate creating infra using code

Terraform Script → Manifesto (Terraform's term)
↳ Achieves ~~design~~ state decide

→ terraform
↳ To find all terraform commands

Task:
↳ Dockerfile
↳ Jenkins

→ terraform init
↳ Initialize → Installs providers source files

→ terraform validate
↳ To check the file for errors

→ terraform plan
↳ Intimates what changes will be done.
Eg: add, change, destroy

→ terraform apply
↳ Executes the terraform file

→ terraform destroy
